

# SUL WARDROBE LOCKERS WITH 300MM COMPARTMENT

## Description

SUL is a family of wardrobe lockers equipped with a rod with two hooks for clothes, self-adhesive label holder and ventilation holes to increase air circulation. The solid construction of the locker makes it possible to put them on legs, on socle or a base with a seat and a shoe shelf, as well as to mount a slanted top. Additionally, they are available in 16 colors what allows to create a colorful arrangement for any interior, without additional charges. SUL wardrobe lockers can be used in every employee and school changing room as well as in gyms. Lockers are delivered in whole, so there is no need to assemble them.

## Features

### SUL

- 5 years warranty (in accordance with warranty terms for Malow products).
- Lockers are intended for storing clothes (high compartments) and personal belongings in dry and ventilated inner rooms.
- Lockers are delivered in whole and do not require assembly.
- Reinforced doors open wide, up to 110°.
- SUL W lockers are made of:
  - 0.5-0.6 mm thick steel sheet in ST version.
  - 0.6-0.8 mm thick steel sheet in the LX version.
- In standard - cylinderlock in master system with 2 keys; possibility to use other locks ( including 1 point, 3 point, deposit, for padlock and electronic locks).
- Welded structure, additionally reinforced with welds which stiffen and reinforce the construction.
- The locker is made from steel sheet protected by zirconium conversion method and painted with powder coating.
- Available in 16 colors from RAL pallet without no additional charge.

	Wardrobe with feet available as SUL 31Wn.	Wardrobe with feet available as SUL 32Wn.	Wardrobe with feet available as SUL 33Wn.	Wardrobe with feet available as SUL 34Wn.
Adjustable feet in the range of 0-10 mm help to level the locker.				
	A base with a seat is available at an additional cost. Adjustable 0-10 mm feet help to level, raise and stabilize the cabinet. The bases, apart from a place to sit, enable the installation of a shoe shelf. Various types of seats are available: wooden or PVC.			
	Roof is available at an additional cost. It helps to keep clean, in addition, the 22° angle of the roof prevents unwanted items from being left at the top of the locker.			
	A shoe shelf is available at an additional cost. This is an additional space for storing shoes. A perforated shelf allows water to drain away and speeds up the drying of the shoes.			

## Description of markings

The 5-year warranty proves that we are confident in our products due to the high quality of execution and their reliability. We want you to feel safe and be satisfied with the cooperation with us.

The ISO certificate confirms compliance with standards and the high quality of products and services we offer.

We offer 16 colors from the RAL palette - as standard. Therefore our furniture fits to any interior

The use of zirconium coating technology provides a very good protection against corrosion. Additionally, this process improves paint adhesion

PZH hygienic certificate is granted for a product that does not adversely affect human health and the natural environment..

We test lockers in our own laboratory, the Research and Development Center (CBR). This ensures that the tests are comprehensive and carried out correctly..

Our perforation is well thought out, delicate and subtle. It guarantees adequate ventilation and fits perfectly into modern workplaces.
