

1501492 + 1501493

ODPAD/WASTE: use a pipe/hose with a 1 1/4" MNPT internal thread to connect (1 1/4" external thread)

PŘÍVOD VODY/SUPPLY use a pipe/hose with a 1/2" FNPT external thread to connect

Details of wall mounting - flange (model: DN25):

- center distance of two holes: 85 mm
- hole diameter: 14 mm
- number of holes: 4

At what height to mount? It is advisable to mount the flange at a height so that its top is at a height of 840 to 1140 mm. This is based on the ANSI standard, which requires this range for easy eye rinsing.
